Seussical

JUNE 7 - 23

The Cat in the Hat tells the story of Horton, an elephant who discovers a speck of dust that contains the Whos, including Jojo. Although Horton faces ridicule, the intrepid Gertrude McFuzz never loses faith in him. Ultimately, the powers of friendship, loyalty, family and community are challenged and emerge triumphant.

2019 SUMMER CAMPS

Seussical Summer Spectacular

June 10-14 9am-12pm
Rising K5-Rising 3rd Graders
Cost - \$150 (Snack Provided)
Camp Director - Ansley Keenan

The Cat in the Hat, Horton the Elephant, and even The Grinch all jump from the pages of Dr. Seuss's vast library on to our stage for our Festival of Flowers production of *Seussical the Musical* and our exciting "Seussical Summer Spectacular" summer camp. During the week campers will participate in age-appropriate crafts and activities related to creative and performing arts. As well as meet characters from the show, and learn about what it takes to put on our biggest show of the year. Campers will be invited to perform on stage with the cast of *Seussical the Musical* during the Friday night performance.

July 8-12 & 15-19
9am-12pm Rising K5-Rising 3rd Grade \$250
9am-4pm Rising 4th Grade & Up \$350
Camp Director - Ryan Hewitt

Our production camps immerse the campers in all aspects of producing a musical, from designing the set, props, and costumes to learning the music, blocking, and choreography. After two weeks of hard work the campers will have two public performances for the community of *101 Dalmatians*. This camp is excellent for experienced performers and for children that have always wanted to participate in a show. Each camper will receive two complimentary tickets to the show. Snacks provided. Performances will take place on July 20.

SUMMER TECH WORKSHOP ALL THINGS TECH!

July 29-August 2 9am-4pm
Rising 7th -12th Grade
Cost - \$50 Lowe's Gift Card (at least)
Camp Director - John F. Keenan

GCT is proud to finally be able to bring a technical & design element into our educational summer offerings. Each day we will focus on one design area so that your student can learn what goes into designing and building for the stage. There will be a lecture portion during the day, then the majority of the day will be spent in a hands-on learning environment in our scene shop & set storage, our prop room, tech world, costume storage and anywhere else in the building we end up. We will be painting, working with saws and tools, building and crafting. The week-long workshop will culminate in a TECH OLYMPICS style event where the students will show off the skills they have learned in a friendly competition open to family, friends and the general public.
